Foreword

In a parish the size of ours it is quite necessary that there should be for the use of the various parochial organizations some kind of roster or directory; and that it should be revised and brought up to date at least every two or three years.

Of course this means a good deal of pains-taking labor for the Rector, but he feels that it is labor well spent. In spite of the utmost care, however, a few mistakes will always occur in getting out a Parish Directory. It cannot be accurate and complete very long, for members of the parish move away and new people come in.

We have every reason to be grateful to God for His many blessings to us. Our work is growing and expanding, and we are showing our faith in it by loyally supporting it. The step we have taken for the development of the work at St. Saviour's marks a new epoch in the history of the parish. A whole block has been purchased facing Glenwood Avenue, part of which is to be converted into a playground, and on the other part we hope, in God's good time, to erect a new St. Saviour's Church, a new Parish House, and a comfortable home for the priest in charge. Indeed, this home just mentioned is now rapidly nearing completion, marking the first unit in our plan.

In my Foreword in our last Directory, I stated that we needed a trained worker to supervise and direct the work among the young people here in the Mother Parish and at St. Saviour's. We have that worker in the person of Mr. L. A. Reiber. And in addition, Deaconess Mitchell has recently come to us, and will give most of her time to the work at St. Saviour's; though she will, no doubt, be of valuable assistance to us in many ways at the Mother Church.

I wish here to express my unbound thanks and appreciation to that noble band of women, St. Saviour's Workers, who are paying the full salary of Deaconess Mitchell and giving their hearty coöperation in many other ways.

And God be praised, that while we have been developing our own work here in the parish, we have not forgotten our obligations to the Church's program outside the parish, but have met in full our obligation to the Diocese and to the whole Church. So long as we maintain this attitude we shall continue to receive God's blessing upon us.

Attention is called to the statistical and financial statement for 1923 found in another part of this booklet. What this Parish does from year to year is a constant wonder and suprise. It is an evidence of love for God and His Church.

Note

Do not fail to notify the Rector of sickness in your family, or of any change in your address.

Holy Baptism will be administered in the Parish Church on Sunday afternoons, and at other times by previous appointment.

It is reasonable and important that the Rector should be consulted before the arrangements are made for marriages, burials and baptisms.

Holy Communion.—The Clergy will always gladly administer the Holy Communion in private houses to the faithful, who are cut off by sickness or infirmity from the celebrations in church.
